1. Aims

Schools are required under the [Equality Act 2010](#) to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our academy aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

At Manor Farm Academy we aim to meet the obligations under the Public Sector Equality Duty (PSED) by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

As set out in the DfE guidance on the Equality Act, the academy aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people that are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay pupils who are being subjected to homophobic bullying)
- Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of academy societies)

At Manor Farm Academy we are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative

attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The plan will be made available online on the school website, and paper copies are available upon request.

Our academy is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our academy's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

This accessibility plan is structured to complement and support the school's Equality Objectives. We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice and under t](#)he Equality Act 2010, 'long-term' means something which has lasted or will last for a year or more or for the rest of the affected person's life and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting visual impairments which cannot be treated with visual aids, such as by wearing spectacles or contact lenses or hearing, severe disfigurement and long-term health conditions such as ASD, ADHD, asthma, diabetes, epilepsy. Cancer, HIV and multiple sclerosis are considered to meet the definition at the point of diagnosis, irrespective of the level of impairment.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, altering processes or requirements or the provision of an auxiliary aid.

This policy complies with our funding agreement and articles of association
